

Principal's Corner

Greetings to each and every one! It has certainly been a pleasure to serve as the principal of Detroit Day School for the Deaf. My mission is to provide the best practices available for the deaf through technology, experiences, and classroom teaching.

As a former teacher of DDSD, I can see change has been positive and enriching opportunity for the students. We are currently studying many topics but we are entering to Black History and Black Deaf History which is part of our culture! Our main objective is to keep the Deaf Culture alive and learn more about ourselves.

The Detroit Day School Theatre and Dance Group will be performing "Roots" on February 15, 2012. Mark your calendars and support us as we venture out into this moving drama. Parents, we need your support and attendance.

2012 will be a great year and I am looking forward to working with you. If you happen to visit this school, please stop in to get to know the principal.

Educationally Yours,

Mrs. Diane Shepherd- Principal
